The Practice Manager

Dear Valued Customer,

We recently reviewed costs in relation to our supplier product costs. It was July 2017 when we last reviewed the pricing. Some product costs have increased over the past 12 months along with the CPI and Fuel increases however we have managed to keep these increases to a minimum of 3%.

New pricing will come into effect as from Friday 1<sup>st</sup> October 2018 and will be reflected on your invoicing from this date onwards.

When it comes to providing a one-stop-shop for clinical supply solutions we are industry leaders and for over 25 years, we have worked with a wide range of clients, from medical, dental, and aged care facilities to veterinarian, schools and specialist cosmetic clinics.
